

# Installing or removing Windows Mail in Microsoft Windows Vista

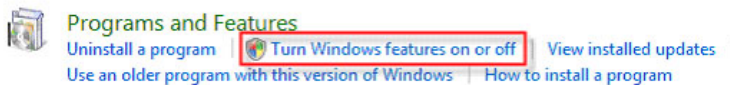

Windows Mail is a built-in feature of Windows Vista and it cannot be removed; however, access to the program can be turned on or off.

To turn the Windows Mail feature off or on:

1. Click the Start button in the left-hand corner of your taskbar
2. Click Control Panel
3. Click Programs

4. Under Programs and Features click Turn Windows features on or off

5. If you are prompted for an administrator password or confirmation, type the password or provide confirmation
6. To turn a Windows feature on, select the check box next to the feature. To turn a Windows feature off, clear the check box.
7. Click OK.
